

Swim Platform Bracket Types (Most Models)

1. Solid Bracket
(compatible with WNG Flat Mount Clamp Kit)

*Most solid brackets are compatible with this style, see the flat mount fit page to review the details and space required.

2. Open bracket
(compatible with WNG Universal Mount and Insert Kit)

*Most open brackets are manufactured with standard sized flat bars, see the universal kit insert page for the proper insert size to adapt to your specific bracket.
