*****Important Safety Precautions*****

Please Read

This Wake N Grill is designed to be used while the vehicle is Parked. At no time should the Wake N Grill be used or deployed while the vehicle is moving. Do not tow with or use the Wake N Grill trailer hitch adapter to secure other items.

- Do not allow passengers to hang on or pull on the mid arm support, grill mounting plate, umbrella support, or cutting board platform.
- Ensure all bolts and hardware are tightened before each use.
- Do not use if hardware is missing or broken or if the components show any type of stress (cracks, broken welds, etc).
- Ensure all pull pins and twist locks are properly tightened, secured, or seated before each use. ● Do not use umbrella in windy or breezy conditions.
- Do not use Wake N Grill as a tow point.
- Always store propane tanks in accordance with local laws and regulations.
- Failure to adhere to these safety warnings and guidelines will void warranty and may cause personal injury.

Unpack Contents:

Carefully unpack contents of boxes. The following pictures represent what is in the box. The kit is preassembled and ready to use. Now is a good time to inspect parts for damage from shipping. Minor scuffs may be visible on the square portion of the adapter, we test each product to ensure it will fit in a standard hitch before it is shipped.

Figure 1

To install the kit, remove any existing trailer hitch from the vehicle receiver hitch adapter. Install the Wake N Grill Trailer Hitch Adapter into the 2" receiver hitch and secure with the existing hitch pin (not provided), as shown in figure 2.

Figure 2

Install the Wake N Grill Mid arm Assembly into Trailer hitch by locating the PullPin on the trailer hitch adapter. Pull and twist the Pull-Pin shaft 90 degrees to lock in the open position. Figure 3.

Figure 3

Slide the Mid Arm Assembly into the Lower Tube until the smooth screw heads seat into the locating slots on the Lower Tube.

Again, twist the Pull-Pin 90 degrees and allow the spring and shaft to return to its closed position. The pin should seat on its own, if it does not, push the pin firmly to fully seat it.

The remaining set up is the same as the standard Wake N Grill deployment found in the Wake N Grill Manual. See figure 4
